To: Tender Participants

E-Tender (Online) No. 36/26 for the Supply, Integration, Operation and Maintenance of a MUTC (Metropolitan Urban Traffic Control) System (the "**Tender**")

Clarification Notice no. 8

Ayalon Highways Co. Ltd. (the "**Company**") is hereby bringing the following to the attention of the Tender Participants:

Further to Sections 16.4 and 16.7 of VOLUME A of the Tender Documents (as amended in Clarification Notice No. 1) the Tender Committee has approved the request of Ariel Wimazzor Traffic & Parking Control Ltd. (hereinafter: "**the Applicant**") to allow it to participate in the Tender, even though it employed Mr. Israel Shemesh as Vice President of Traffic and Operations, from March thru October 2026. Mr. Shemesh's name appears in Appendix 10.

The Tender Committee relied, inter alia, on the Applicant's declaration and Mr. Shemesh's affidavit, according to which while working for the Applicant, Mr. Shemesh did not take any part, directly or indirectly, actively or inactively, in connection with the Tender or the preparation of the Applicant's proposal, and that the Applicant's legal counsel issued a specific directive not to involve Mr. Shemesh in discussions about the Tender. The Tender Committee also took into account that during the period prior to Mr. Shemesh's departure from the Company, he was purposely no longer involved in discussions and decisions relating to the Tender and that his employment with the Company terminated before the Tender was published, during which the Tender Documents continued evolving until finalized. The Committee further took into account that he is no longer employed by the Applicant.

This document is an integral part of the Tender Documents, and the Bidder is requested to attach a signed copy thereof to its Proposal.
